

Reinventing a category-leading icon with Sonos Era 100

Sonos has remastered the best-selling Sonos One to create Sonos Era 100, a new smart speaker featuring all-new hardware and software, with next-gen acoustics and design that deliver detailed stereo sound and deep bass.

- **Now in stereo:** Two angled tweeters send crisp high frequencies left and right for a rich stereo experience, while a larger midwoofer creates stunning bass that's unexpected from a single compact speaker. Custom waveguides amplify dispersion of sound waves to create a wider soundstage.
- **Small but mighty:** Packed full of audio and tech enhancements, Era 100's slim, modern design makes it a chic accent piece for any bookshelf, kitchen counter, desk or nightstand.
- **Expertly tuned:** Sonos worked closely with its community of leading artists and creators to meticulously fine-tune Era 100. Trueplay™, available to both Android and iOS users, optimizes the sound for the unique acoustics of your space.
- **More sustainable sound:** Era 100 is made with post consumer recycled (PCR) plastic and packaged in 100% sustainably sourced paper, while also engineered to reduce power consumption with under two watts idle power consumption and a new sleep function. It's also built for serviceability by reducing the use of adhesives and transitioning to screws for easy disassembly and repair.
- **Bold, new UI:** Era 100 features an intuitive new user interface, including a new capacitive volume slider for simple control that complements quick and private control of your music with Sonos Voice Control, the Sonos app, Apple AirPlay 2 and Bluetooth®.
- **Upgraded connectivity:** Stream all the audio you care about using WiFi or Bluetooth, and directly connect other audio devices such as a turntable using an auxiliary cable and the Sonos Line-In Adapter.
- **Customize your system:** Level-up movie night by adding two Era 100 speakers as rears with your soundbar to create a surround sound system, or simply pair two together for room-filling stereo sound.

Audio

Amplifiers

Three class-D digital amplifiers precision-tuned for the speaker's unique acoustic architecture power your sound experience.

Tweeters

Two angled tweeters create a crisp and accurate high frequency response and stereo separation.

Woofers

One midwoofer ensures the faithful playback of mid-range vocal frequencies and deep bass.

Microphones

The far-field microphone array uses advanced beamforming and multichannel echo cancellation for quick and accurate voice control and Trueplay tuning. Disconnect by toggling off the mic switch.

Adjustable EQ

Use the Sonos app to adjust bass, treble, and loudness.

Trueplay

This software measures the acoustics of the room then fine-tunes the EQ. Compatible with iOS and Android devices.

Details

Dimensions

7.18 x 4.72 x 5.14 in (182.5 x 120 x 130.5 mm) (H x W x D)

Weight

4.44 lb (2.02 kg)

Finish

Matte; Available in Black or White

Controls

Play, pause, skip, replay, adjust the volume, mute your voice assistant, and group or ungroup Sonos products.

Bluetooth Button

Press to pair with a Bluetooth device.

Mic switch

Toggle off this switch on the back of the product to disconnect all power to the microphone hardware.

LED

Light on the product indicates connection, microphone activity, and mute status.

Power and Networking

WiFi

Compatible with WiFi 6 for increased reliability. Connect to WiFi with any 802.11a/b/g/n/ac/ax 2.4 GHz/5 GHz broadcast-capable router.

Bluetooth 5.0

Supports audio streaming from any Bluetooth-enabled device.

Voltage

100-240V 50/60Hz internal power supply

USB-C

Connect an audio source using an auxiliary cable and the Sonos Line-In Adapter. Connect your router with an ethernet cable and the Sonos Combo Adapter. (All accessories sold separately.)

Apple AirPlay 2

Works with AirPlay 2 on Apple devices iOS 11.4 and higher
