

# Experience Heart-Pumping Stereo Sound with Sonos Move 2

Upgraded inside and out, Move 2 is a premium portable powerhouse that brings the Sonos experience to every inch of your world - from room to room, outdoors and beyond.

- **Portable stereo sound:** With a completely overhauled dual-tweeter acoustic architecture, Move 2 delivers wide, spacious stereo sound - a first for a Sonos portable speaker. A precision-tuned woofer produces deep, dynamic and clean bass no matter where you're listening.
- **More power to you:** Enjoy double the battery life of Move with up to 24 hours of playback on a single charge. When the battery needs a boost, set Move 2 on the included Wireless Charging Base or charge on the go with any USB-PD power supply.
- **More sound in more places:** With a tough, durable shell and IP56 rating, Move 2 is built to withstand accidental falls, bumps, rain and moisture, dust, UV rays, and extreme temperatures.
- **Tuned to its environment:** With automatic Trueplay tuning, Move 2 continually optimizes the sound for its surroundings, so no matter where you are or what you play, you always get the best listening experience.
- **Bold, new UI:** Your favorite sounds are just a tap or ask away with elevated intuitive touch controls. Play, pause or skip a track, and swipe your finger along the volume slider to adjust to the perfect listening level as Move 2 goes with you from indoors to outdoors.
- **Customize your system:** Stream via Bluetooth to a stereo pair of Move 2 speakers when connected to WiFi or seamlessly group Move 2 with the rest of your Sonos system to crank your party up a notch.
- **Express your style:** Move 2 boasts elegant design upgrades, including an Olive colorway to complement neutral indoor and outdoor aesthetics and Black and White colorways to match the rest of your Sonos system at home.
- **More sustainable sound:** Move 2 reduces its idle energy consumption by more than 40%, and comes in a responsibly designed package that uses sustainably sourced content, zero virgin plastic and is curbside recyclable. A removable and replaceable battery extends the overall life of the product.

## Audio

### Amplifiers

Three class-D digital amplifiers precision-tuned for the speaker's unique acoustic architecture power your sound experience.

### Tweeters

Two angled tweeters create a crisp and accurate high frequency response and stereo separation.

### Woofer

One midwoofer ensures the faithful playback of mid-range vocal frequencies and deep bass.

### Microphones

The far-field microphone array uses advanced beamforming and multichannel echo cancellation for quick and accurate voice control and automatic Trueplay tuning.

### Adjustable EQ

Use the Sonos app to adjust bass, treble and loudness.

### Automatic Trueplay

This software continually optimizes the speaker's sound for its environment and the audio content playing.

## Details
