

# Explore your individual style with Roam's three new colours

Now available in three new hues - Olive, Wave and Sunset - the ultraportable Sonos Roam is the perfect accent piece to express your individual style through more ways than just sound.

- **Play with Colour:** Inspired by its destined travel to exotic landscapes and far-flung paradises, Roam's new colours are as versatile as the speaker itself, complementing both interior and outdoor styles. Olive is inspired by lush landscapes, from desert cacti to pristine park gardens. Wave draws from the serenity of coastal beaches and backyard poolside oases. Sunset is influenced by painted desert sands and vibrant evening skies.
- **Bold Sound:** Enjoy richly detailed sound with the clarity, depth and fullness you'd expect from a larger speaker. Automatic Trueplay™ is available on Bluetooth and WiFi, ensuring Roam is always tuned for the best listening experience in any environment.
- **Designed for Adventure:** Roam's triangular shape and soft profile blends beautifully into your home, while its lightweight and compact design makes it easy to bring the Sonos experience everywhere you go. With an IP67 rating, it's built to withstand the elements - including drops, tumbles, water, dirt, dust and more - making it our most durable speaker ever.
- **All-Day Exploration:** Roam is ready to soundtrack your day with up to 10 hours of continuous playback on a single charge. Easily recharge with a custom magnetic wireless charger from Sonos available for £44, any Qi wireless charger, or by using the included USB-C cable.
- **Seamless Listening at Home and on the Go:** Roam works seamlessly between WiFi and Bluetooth. With Sound Swap, you can hold play/pause to swap the music to the nearest speaker in your system, making it easy to keep the music going when you return home.
- **Intuitive Control:** Listen to more than 100 streaming services controlled from the Sonos S2 app, your voice with Amazon Alexa, Google Assistant, or Sonos Voice Control when it launches in the U.S. later this month, with Apple AirPlay 2, or directly from your favourite music service apps.

## Audio

### Two Class-H Amplifiers

Perfectly tuned to the drivers and speaker's unique acoustic architecture.

### One Custom Racetrack Mid-Woofer

Ensures faithful playback of mid-range frequencies and maximises low-end output.

### One Tweeter

Creates crisp, high frequencies.

### High-Efficiency Motor

Increases power and range.

### Adjustable EQ

Settings include bass, treble and loudness.

### Far-Field Microphone Array

Uses advanced beamforming and multi-channel echo cancellation to readily activate voice assistants.

### Automatic Trueplay™ Tuning Technology

Uses spatial awareness to smartly adjust the sound for the speaker's orientation, location, and content. Available on WiFi and Bluetooth.

## Physical

### Dimensions

6.61 x 2.44 x 2.36 inches (168 x 62 x 60 mm)

### Weight

0.95 lb (0.43 kg)

### IP Rating

Rated IP67 for protection from dust and water. Can be submerged in up to 1m of water for 30 minutes.

### Finish

Matte; Available in Olive, Wave, Sunset, Shadow Black and Lunar White.

### Top Panel Features

Tactile buttons make it easy to play, pause, skip and adjust volume, protecting against accidental presses.

### LED Lights

Indicate speaker status, microphone status, battery status and voice feedback.

## Power and Networking

### Battery

Provides up to 10 hours of continuous playback on a single charge.

### Recommended Power Supply

USB-C port 15W, 5V/3A.

### Recharging

Use the included USB A-C charging cable with any 5V/1.5A (7.5W) or higher USB power adapter. You can also use the Sonos Roam Wireless Charger or any Qi-certified wireless charger.

### Wireless Connectivity

Connects to WiFi network with any 802.11b/g/n/ac 2.4 or 5 GHz broadcast-capable router.

### Bluetooth

Stream music and more with Bluetooth 5.0.

### Apple AirPlay 2

Works with AirPlay 2 on Apple devices iOS 11.4 and later.

### Operating Temperature

41°F to 95°F (5°C to 35°C)
